Hampton Black

The Hampton Black is a smooth texture Unfading Dark Gray Black slate that has been quarried and sold in the U.S. and Europe for decades. This material is very similar in color and texture to Pennsylvania Black and Canadian Black prominent in the Northeastern United States for the last century. Standard thickness is 3/16" to 1/4", but is available by special order up to 3/4" thick. The Hampton is S-1 Grade (highest on the scale) and carries a 100 Year Warranty.

Property	Value	ASTM Test Method	ASTM Grade
Modulus of Rupture	669 lbs. at 0.244 in	C-121	S1
Absorption	.16 %	C-121	S1
Weather Resistance	.01mm	C-121	S1

Timeless Natural Beauty & Unparalleled Durability to last a Lifetime
