Black Diamond Blue/Black

True unfading and non-weathering S-1 grade imported roofing slate

Tests out better than any domestic unfading Blue Black roofing slate tile ever produced

Workability and uniformity make it one of the most beautiful products ever introduced by Black Diamond.

It possesses a mica sheen typically only seen with Buckingham, Peach Bottom and our Spanish Dover slates at a much lower cost.

Because of the purity and uniformity of the stone available in large sizes such as 24x12 and larger, making it perfect for restorations and repairs on historic Buckingham slate tile roofs.

Timeless Natural Beauty & Unparalleled Durability to last a Lifetime
